To Whom It May Concern

Beenleigh Special School has been dealing with Direct National for many years and have found them to be trustworthy and to have a high level of integrity and honesty.

We have purchased all our Interactive Whiteboards, Projectors & Speakers from Direct National over the years and most recently we have purchased four Interactive TV Panels for our new classrooms. Direct National works very closely with our IT Coordinator, Nelly El-Rashidy when installing new equipment and they have established a very good working relationship with her. Direct National is responsible for the ongoing maintenance of the above items and we have always received punctual service from them.

We have always received quality products and value for money when purchasing from them. Their employees have a high level of expertise & knowledge regarding the products they sell and they are always ready to assist our IT Coordinator, if required. Their employees understand and respect EQ Policies and Procedures and they have always adhered to these Policies and Procedures while on-site.

I would not hesitate to recommend Direct National to any other schools or businesses.

Yours truly

Lynne Kwant
