Fortitude Valley Q 4006

Supporting State School Leaders Since 1966
Queensland Association of State School Principals

5 June 2018

To whom this may concern:

Direct National is a current Gold Business Partner of the Queensland Association of State School Principals and has been serving the state education community for the last 19 years.

They connect with our members through our State Conferences, Professional Learning Workshops and Branch Meetings.

As part of our partnership with Direct National, QASSP purchases all our Audio Visual products and related services from them. Their team have consistently provided us with the best advice and quotes for our requirements, their level of communication and project management have always been professional and thorough. The supply and installation provided by their team have always been on schedule and carried out in a methodical manner.

I would recommend Direct National as a reliable company to support the Department of Education.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Magdalene St Clare'.

Magdalene St Clare
