

DIRECT NATIONAL AS YOUR AUDIO VISUAL PROVIDER

Capability Statement: Audio Visual, Interactive Technologies, Auditoriums, Schools and Government Departments

Direct National[®]
Empowering Your Success

EXECUTIVE SUMMARY

Established in 1995, Direct National Pty Ltd has supplied over 10,000 Audio Visual solutions in Queensland Government, Corporate and Educational Industries over a course of 21 years of successful business.

During this period, Direct National have been a long-standing supplier of innovative image, touch-panel systems and audio visual products, specialising in delivering value-for-money solutions that are tailored to the individual needs of organisations.

Our experience in audio visual and interactive technologies is impressive including but not limited to boardrooms, training rooms, halls and auditoriums. Learning spaces such as classrooms are well within our scope of work as well.

Having an experienced team of over three hundred accredited and qualified installers and electricians throughout Queensland, Direct National can provide their customers with low cost engagement, high quality installation and superior products. Ideal for when you want us to integrate with your overall construction and building program.

Capacity To Service High Value Contracts:

- The highest quality equipment with the capability to conduct installations from \$5000.00 to \$1 Million
- Assistance in design, site, installation and handover.
- A strong communicator with well documented systems and procedures.
- Capable of providing turn key solutions from front to back
- Expansive 'industry first' product warranties
- Long installation workmanship warranties
- A tier one distributor of projection systems from one of the world's largest Interactive technology suppliers.
